

IN THE SPECIFICATION:

Please amend the paragraph beginning on line 13 of page 7, which was previously amended by the Amendment dated March 29, 2004, to read as follows:

--2. Magnifies hidden content - by visually flagging the presence of collapsed content in unexpanded scenes (i.e. shows the user via ~~flags~~ visual “+” symbols on the unexpanded keyframes that clips are hidden in scenes that are not expanded.)--
